ABOUT

Proficient in full-stack web development with hands-on experience in Django and MySQL for backend systems, and HTML, CSS, and JavaScript for responsive frontends. Experienced in building scalable and user-friendly web applications with clean and maintainable code. Passionate about learning and contributing to efficient, real-world web solutions.

TECHNICAL SKILL

Frontend	:HTML5, CSS3 , JavaScript
Backend	:Python with Django / FastAPI
Database	:MySQL , SQLite, Postgresql
Version Control	:Git and GitHub
Deployment	:Render, Vercel
Testing	:Postman

PROJECTS

Grievance Hub

- Built a Django-based web application that enables students to submit complaints and report lost items directly to the concerned authority.
- Implemented secure user authentication to manage student access and protect data.
- Developed validated complaint and report forms to ensure accurate and structured submissions.
- Integrated image upload functionality for reporting lost or found items with visual details.
- Created a Lost & Found management module with a responsive interface.

Tech Stack : Django, HTML, CSS, JavaScript, SQLite

M.V. Academy Coaching Website

- Developed a responsive website for a coaching institute (MV Academy) to showcase courses and institute information.
- Implemented a contact form to allow students to send inquiries directly through the website.
- Built an admin dashboard for managing courses and website content efficiently.
- Utilized Django with dynamic routing and structured templates to handle backend functionality.
- Designed the UI using custom HTML and CSS to ensure a clean layout and responsive user experience.

Tech Stack : Django, HTML, CSS, JavaScript
